Global Group receives Technical Achievement Innovation Award

Hyro Limited (ASX: HYO) is pleased to advise that Global Group received a major innovation award for its Global Entries Online business at the recent Australian Event Awards. Global Entries Online is a cloud based sporting event registration system and part of the Global Group, which Hyro recently announced it had reached agreement in principle to invest in.

The 2012 Australian Event Awards, held last week at the ANZ Stadium, is the pinnacle awards program for the events industry in Australia. In recognising the work of Global Entries Online in the sporting events industry, the judges specifically commented that they “have developed an excellent registration and event management product for the sporting events industry. The rapid growth of the product is evidence of its usefulness and innovation to the industry.”

Global Group is an experienced digital solutions agency developing innovative applications, websites and bespoke solutions that address the individual needs of a diverse range of clients. Hyro congratulates the Global Group team on winning this award which further underlines the benefits that the Board sees from the proposed investment (as detailed in the Notice of Meeting issued to shareholders on 10 September 2012).

A meeting of shareholders to approve the Global Group transaction and also consider other matters will be held on 11 October 2012. Further details are contained in the Notice of Meeting issued on 10 September 2012.
