## **Transfield Services awarded Defence contract**

Transfield Services confirms it has been awarded a six year contract with the Department of Defence for the supply of Land Materiel Maintenance (LMM) Services, following the announcement of an early services agreement on 27 March 2013.

The contract is estimated to be A\$240 million over the initial six year term, with possible one-year extension options for a further five years.

The LMM Services contract combines and replaces three existing Defence contracts, one of which was held by Transfield Services.

Transfield Services supplies asset management services to the Defence estate and land equipment and specialised maintenance services to a range of sea-going vessels. The Company also provides comprehensive technical and logistics solutions, including airfield fire fighting, aircraft refuelling and a full range of infrastructure and domestic support to the Defence Estate and Defence community.
