## Lend Lease Investor Day Transcript

23 October 2013

Lend Lease held its annual investor day yesterday providing an update on the Group's strategic direction. The transcript from the event will be available on the website today at [www.lendlease.com](http://www.lendlease.com).

Group Chief Executive Officer and Managing Director, Steve McCann, commented that, as stated at the full year results in August, while the market outlook presents challenges, the depth of our pipeline provides Lend Lease with significant earnings visibility and a platform for a strong growth trajectory over the next three years.

Lend Lease notes that its calculation of the current market consensus is \$541 million for full year 2014 and that it is comfortable with a number in that range, confirming the position stated at the time of its full year results released in August.
