- (F) 641,728 Long Term Incentive (LTI) Performance Rights (options) exercisable from 12 November 2015 and before the close of business on 11 November 2017 (after which date the Rights will lapse) at a zero exercise price and subject to the following performance conditions:
- the proportion of LTI Performance Rights that become exercisable will depend upon the TSR achieved by ANZ relative to the companies in a comparator group, measured over the same period (since date of grant) and calculated as at the end of the three year performance period. Performance equal to the median TSR of the comparator group will result in half of the LTI Performance Rights becoming exercisable; and
- performance above median will result in further LTI Performance Rights becoming exercisable, increasing on a straight-line basis until all of the LTI Performance Rights become exercisable where ANZ's TSR is at or above the 75th percentile of TSRs in the comparator group. Where ANZ's performance falls between two of the comparators TSR is measured on a pro-rata basis. The actual relative level of TSR, rather than simple ranking, will determine the level of vesting. An averaging calculation will be used for TSR over a 90 trading day period for start and end values in order to reduce share price volatility.

The TSR performance hurdle will only be tested once at the end of the three year performance period. The percentage of LTI Performance Rights that vest as a result of the TSR calculation will be fixed for the duration of the exercise period. If the LTI Performance Rights do not pass the performance hurdle on the testing date, or they are not exercised by the end of the exercise period (5 years from the

date of grant), they will lapse; and

(G) 7,690 Deferred Share Rights (options) exercisable in two tranches, at a zero exercise price. The first tranche (3,732 options) is exercisable from 12 November 2013 and before the close of business on 12 November 2015 and the second tranche (3,958 options) from 12 November 2014 and before the close of business on 12 November 2016.

"A" x 0.15	
Note: number must be same as shown in Step 2	
Subtract "C"	
Note: number must be same as shown in Step 3

"D"	0.10
	Note: this value cannot be changed
