Media reports on Mackenzie and Wandoan coal tenements

Cougar Energy Limited (ASX: CXY) advises that it has become aware of reporting by media outlets that the Company's Mackenzie coal tenement EPC 1445 (Bowen Basin) and the Wandoan coal tenement MDL 420 (Surat Basin) are non-core assets and will be divested.

The Company advises that this reporting is incorrect. These assets are core assets and form an integral part of the future value drivers for shareholders.

The Company will continue to welcome interest from strategic and cornerstone investors to participate in these assets.
