About iiNet

iiNet is Australia's second largest DSL Internet Service Provider and the leading challenger in the telecommunications market. Publicly listed and a member of the ASX 200, iiNet is valued at approximately \$1 billion. We employ more than 2000 inquisitive staff across three countries – 80 per cent of whom are employed to directly service our 900,000 customers. We maintain our own super-fast broadband network and support over 1.7 million broadband, telephony and Internet Protocol TV (IPTV) services nationwide.

We're committed to making it simple for all Australians to connect across both our own network and on the NBN. Our vision is to lead the market with products that harness the potential of the Internet and then differentiate with award-winning customer service.

A lot has changed since our CEO founded iiNet in a suburban garage back in 1993 and the broadband landscape continues to evolve. What hasn't changed is our passion for the transformative benefits of the Internet and our commitment to helping Australians connect better.
